```
{% extends 'base.html' %}
{% block content %}
{% load static %}
<main>
    <div class="container">
        <article>
            <!-- Page Title -->
            <header class="row page-title mb-4">
                <div class="col-12">
                    <h1 class="black-shadow text-center">Why do you need a bag ?
</h1>
                </div>
            </header>
            <!-- Description of site's objective -->
            <div class="row">
```

[Check]

Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings.

[Message Filtering]

---

1. **Warning**　**This document appears to be written in English. Consider adding** `lang="en"` **(or variant) to the** `html` **start tag.**

   From line 1, column 1; to line 1, column 25

   `{% extends 'base.html' %}↩{% bl`

   For further guidance, consult Declaring the overall language of a page and Choosing language tags.

   If the HTML checker has misidentified the language of this document, please file an issue report or send e-mail to report the problem.

2. **Error**　**Non-space characters found without seeing a doctype first. Expected** `<!DOCTYPE html>`.

   From line 1, column 1; to line 1, column 25

   `{% extends 'base.html' %}↩{% bl`

3.   **Error**   **Element** `head` **is missing a required instance of child element** `title`**.**

From line 1, column 1; to line 1, column 25

```
{% extends 'base.html' %}↵{% bl
```

Content model for element head:

If the document is an iframe srcdoc document or if title information is available from a higher-level protocol: Zero or more elements of metadata content, of which no more than one is a title element and no more than one is a base element.

Otherwise: One or more elements of metadata content, of which exactly one is a title element and no more than one is a base element.

Document checking completed.
